

# EARL BOYLES PRESCHOOL PROGRAM

## Meet our teachers!

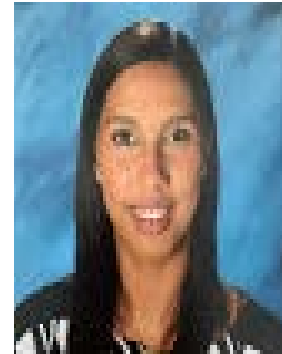

**Ms. Nordstrom**

I love to cook and preserve food from my family's large garden, read, hike, and travel as often as I can. I also teach yoga, and strive to balance an active lifestyle with an undeniable soft spot for chocolate and cheese, power naps, and Netflix marathons.

**Ms. Catt**

I love being surrounded by little bits and scruffs. When I'm not teaching I enjoy baking, gardening and exploring new parts of this amazing city!

**Ms. Colon-Carrion**

I love spending time with my family, friends and my dog "Zoe," and I enjoy outdoor activities, baking, reading, yoga, dancing and traveling.

Our classes provide instruction in English, but our teachers have a range of languages including Spanish, Chinese, Cantonese and Arabic.

Earl Boyles provides a fun and welcoming environment for all. We love our community and strive to engage all families that come our way. Our completely enclosed preschool playground has all the fun play structures for the littles, while keeping them safe. The Earl Boyles toys and teachings help children from 3-5 develop social, emotional, and fundamental skills to help ready them for the transition to kindergarten.
