

**Alder**
Montessori

DISCOVER

Do you qualify for enrollment?

THE ANSWER IS YES! IF:

- Your child will be 3 or 4 years old by September 1st
- You live in the Alder Elementary School boundary
- You are interested in what a full-time, three-year-long Montessori Preschool and Kindergarten program can do for your child

Get in touch to ask about our program, the lottery, and why it's never too early to help your child's education!

Alder Montessori is a program of

aeme alliance for
equity in
montessori
education

tuition free. always.

We are a full-time Preschool & Kindergarten program operating inside the Alder Elementary School building.

Serving children ages 3-6, we enroll new students by annual lottery. Once you're in, you're in! Most of our families stay in this same building through fifth grade.

Our funding comes from both public and private sponsors so that we can offer this terrific program at no cost to your family.

Why Alder Montessori?

WE'RE
PRACTICAL

WE'RE DESIGNED
FOR YOUR CHILD

WE'RE PART
OF YOUR
COMMUNITY

Parents are busy.

We do our best to make it easy to send your child to school.

Alder Montessori closely follows the Alder Elementary school calendar.

Thanks to our partnership with the Reynolds School District, we serve two meals a day and offer bus transportation.

We give children plenty of opportunities to move, eat, and rest throughout the day so their bodies and brains get the important things they need.

Our three-year program helps students grow from age three through Kindergarten, giving them a strong start to their elementary years.

Your young child is the greatest learner in the world.

From the moment your child was born until they turn five, their brain makes **one million** new connections each second!

A program like Alder Montessori gives children experiences that help brains grow up strong and resilient, so they can handle whatever life brings.

“Children who are exposed to a rich education early in life develop a great capacity for learning throughout life.”

- Dr. Prithika Chary, Neurologist

This place is more than a school.

When you enter our program, you also become part of the entire school community.

A child's education starts at home, with you. Nothing is more important to us than the health and happiness of our students.

Here, you can connect with other parents and community resources through our partnership with Greater Than.

We're here for your whole family, for many years to come.
